

Amgen Medicinal Chemistry and Process Development Lectures

"Small Molecule Inhibitors of β -secretase
(BACE): A Case Study in Small Molecule
Lead Optimization"

Jane Pantelev, PhD

"Synthetic Process Design: Case Studies
Through the Lens of the BACE Program"

Jason S. Tedrow, PhD

Tuesday, October 29, 2019 in #1315 Chemistry

Dr. Pantelev's Lecture – 2:30 PM

Dr. Tedrow's Lecture – 3:30 PM

Refreshments will be provided between the lectures

**Info Session for Graduate Students and PostDocs
will be held immediately following the talks**

Department of Chemistry
UNIVERSITY OF WISCONSIN-MADISON
