

Discovering Careers in Health Care and the Life Sciences
Town Center Forum, Wisconsin Institutes for Discovery, 1st floor
Monday evenings, 6:30 - 8:30 PM

For students interested in careers in healthcare and the life sciences, WID presents a 7-part lecture series on what it is like to work in these fields, and the information you need to get there.

At each session, leading Madison-area healthcare practitioners and researchers will discuss the challenges and rewards of practicing in their fields. Representatives from regional and national professional schools and universities will also offer insight on how to be an attractive candidate for admission to their programs.

Panels include:

- Jan 24: Medicine
- Feb 7: Public Health
- Feb 21: Physician Assistant Training
- Mar 7: Research in the Life Sciences
- Mar 21: Nursing
- April 4: Career Options in Pharmaceuticals and Biotechnology
- April 18: Health Policy and Management

Co-sponsored by the [Wisconsin Institute for Discovery](#) and the [Center for Pre-Health Advising](#)
