

The class will be divided into two parts for in-class exams, based on the first letter of student last names.

Last names beginning with A to L: Take exams in **Biochemistry 1125**.

Last names beginning with M to Z: Take exams in **Chemistry 1361** (the lecture room).

Students will take all three exams in the same room. Because of space limitations, it is vital that students take the exams at the proper locations.

No materials may be used other than writing implements and molecular models may be used. Tables of IR and NMR data (from the book) will be provided.

No electronic devices of any kind should be used or even visible. If any device is seen, it will be subject to immediate confiscation.
