

Chemical Biology

Department of Chemistry UW-Madison

FALL RESEARCH OVERVIEW: CHEMICAL BIOLOGY RESEARCH AT UW-MADISON

WHO: All first-year graduate students interested in the Chemical Biology Ph.D. program should attend this presentation. **Note, you can still join the Program this fall!**

WHAT: An overview of the breadth of Chemical Biology research in the Department will be provided, followed by a question-and-answer period. **Attending this overview presentation in conjunction with the individual research talks given by faculty members (through their Divisions) is strongly recommended.**

WHEN: Thursday, Sept. 1st

3:00 – 4:00 pm

WHERE: Room 1315, Chemistry
